Dear Monsignor, Pastors, Priests, Sisters and my Parish Family:

God has seen to it that I have been privileged for the second time in my life, to be the editor of the Immaculate Conception Jubilee Book. The hours of work that have been put into it, have been well spent with some of the most wonderful and gifted people on earth. You the parishoners of Immaculate Conception Parish. In the credits page of the book I have listed those involved directly and indirectly, that have given countless hours of their time so that a beautiful remembrance might be produced for all of us to share and pass on to our children, grandchildren and all of our friends, but most of all as a memorable issue to the greater glory of God, His Blessed Mother and Dear St. Joseph, without whose help we might not have succeeded.

My thanks has come in the way of your support to the book, its making and the "dowry" we have presented our parish in this our Diamond Jubilee Year. Your warmth as a parish family could never be duplicated in any way.

In the editorial and photography, I must not forget those who spent so much of their time with me in getting the information together that we read today: Monsignor Mozeris, Fr. Fabian Kirellis, Mary Kincaus, Fran Tarvid, Audrey Schuch, Denise Hornik, Arlene and Peter Katauskas, Mike Saukstelis, Ruth Petkewicz and David Gaidas Jr., Fr. Tony Puchenski and the countless number of parishioners who with their submissions of old photos and memorabilia have made the issuance of this book even more interesting than it would have been.

My sincere wishes are that the blessings of our good Lord, His Blessed Mother and Dear St. Joseph be upon each and everyone of you always. Thank you for this second opportunity to be your Jubilee Book Editor.

We must always remember
 To Renew,
 To Rebuild,
 And Continue in Love of One Another and God.
